Agenda Items

- Discounted Bus Passes Funding - Alicia Moore
- a. In the past, ASCOCC funded \$12,000 yearly towards providing discounted bus passes for our students. These passes were offered at 50% of the original rate, with the College paying 50%. However, this was taken out of our budget when Cascades East Transit (CET) stopped charging for bus rides. Starting February 1, CET will begin charging for rides. The College still has funds remaining from the initial program that were set aside. Using this money, the College intends to run a pilot program for discounted bus passes from February to June. ASCOCC should consider the possibility of funding this program again if the pilot program is successful.

- Afrocentric Club Funding Proposal – Ray Randall - Approved
